

There are now **three** simple ways to pay for school travel on routes 813, 823 & 833.

1

Customers with access to **online home banking** should download the online registration form from our website at www.sullivanbuses.com.

In order to use online banking we will need to issue each pupil with a unique reference number. This number can then be used to set up your initial order and pay for your new ticket & any subsequent renewals. The unique number will also be printed on your ticket.

On the form you will be asked to enter your child's name, date of birth and year group. As the bill payer, we will need your details. Please select the ticket type and enter your child's boarding point. From this form we will be able to establish which Zone your child boards. A summary can be found on page 4. E-mail the form to us and we will issue you with a customer number from which you can make on-line payments. You should not make any payment until you have received a unique number and confirmation from us.

If you supply us with your e-mail address, we will keep you up to date with service changes as and when they take place. We will also e-mail you with service updates in the event of adverse weather. We will not share your e-mail details or phone details with any other party.

Sullivan Buses cannot/will not make any direct deductions from your bank account. All payments will need to be initialised by you. We will not complete your order until payment is made. Your pass/es will then be sent out by post. For security reasons we regret that passes cannot be distributed on the bus.
